**COMMERCIAL LINES NOTICE NO. 137**

Additional Insured – Massachusetts Endorsement Form Approved

Commercial Manual Rule 37 – Additional Insured – Massachusetts Endorsement Approved  
(SERFF filing CARI-132277294)

On March 25, 2020, the Division of Insurance placed on file Additional Insured – Massachusetts endorsement form (CR 99 02 07 20) with an effective date of July 1, 2020. The approved form is available as a PDF data entry form on the Reports page of CAR's website under the Commercial Forms, Manuals link.

Exclusive Representative Producers are required to submit to their Servicing Carriers, an Additional Insured – Massachusetts endorsement form for attachment to the policy in order to identify as an insured the person or organization named in the endorsement for whom the risk is performing operations. The form requires the listing of the name and address of each additional insured, and requires that a written contract or agreement that states that the person or organization to be added as an additional insured on the policy must exist between the risk and such person or organization. For coverage to be afforded, the loss must occur after the signing and execution of the contract or agreement, while the contract or agreement is in effect, while the operations are ongoing, and prior to the end of the policy period.

The Division of Insurance also approved the addition of Rule 37 – Additional Insured – Massachusetts Endorsement to Section II – Common Coverages and Rating Procedures of CAR's Commercial Automobile Insurance Manual to provide direction for use of the endorsement. The Commercial Automobile Insurance Manual, including the approved Rule, is available on the Manuals page of CAR's website.
