B. Premium Reporting

1. General

Servicing Carriers shall statistically report premium on ceded policies in accordance with the reporting instructions contained in the Massachusetts Commercial Automobile Statistical Plan which is available on CAR's website under the Manuals tab.

2. Reporting Policies with Non-Cedeable Limits or Coverages

For policies written with limits or coverages which exceed the cedeable limits or coverages identified in Section A. of this Chapter, a separate premium record must be reported to identify the portion of the premium applicable to the excess limits or coverage. This record must be reported with classification code 800000 (Non-Cedeable Limits) and a voluntary CAR Identification code. Refer to the Decision Table of the Massachusetts Commercial Automobile Statistical Plan for additional coding requirements for this classification code. The portion of the premium applicable to the cedeable limits or coverage must be reported on another record with a ceded CAR Identification Code in accordance with the statistical reporting requirements specified in the Massachusetts Commercial Automobile Statistical Plan. The Plan is available on CAR's website under the Manuals tab.

3. Monitoring the Reporting of Premium

Each policy with an active in-force cession is edited to ensure that positive policy premium has been reported. The Cession/No Premium Warning and Penalty Listings identify those policies for which either no premium exists or negative premium has been reported. The Cession/No Premium penalty program and write-off procedure assure that premium for ceded policies is reported to CAR in a timely manner. For additional information, refer to Section C of this Chapter and CAR's Policy Edit Package which is available on CAR's website under the Manuals tab.

4. Mid-Term Cession of a Policy to CAR

A policy originally written as voluntary by a Servicing Carrier may be ceded to CAR subsequent to the policy effective date. The Servicing Carrier's responsi-
