Updates to the Manual of Administrative Procedures

Chapter III – Servicing Carrier Responsibilities

CAR is pleased to announce that an updated Underwriting Inspection Form developed for Commercial Servicing Carrier use is now available on CAR's website. The standardized inspection form is applicable to taxi, limousine, and car service risks and was developed collaboratively with input from the Commercial Automobile Committee. This added market service tool replaces the external assistance provided by a prior third-party vendor that no longer fulfills this function.

At its meeting of April 12, 2023, the Governing Committee approved modifications to Chapter III – Servicing Carrier Responsibilities of the Manual of Administrative Procedures pertaining to the use of the Underwriting Inspection Form. This form can be found on the Reports page of CAR's website under the Commercial Only – Forms, Manuals link. Chapter III of the Manual of Administrative Procedures has been updated and is available on the Manuals page of CAR's website under the Administrative Procedures link.
